U.S. Atomic Energy Commission

Dear Mr. Jensek,

I understand that the Atomic Energy Commission's Hearing on Con Edison's Indian Point #3 Nuclear Power Plant is scheduled for 10 A.M. on March 25.

I am a Public School Teacher and there are many other business and professional people who find the 10 A.M. hour a difficult time to be present.

Could you arrange for at least one evening session? I assume that you are interested in as much participation as possible on the part of citizens.

Sincerely,
Mrs. L. Irene P. Dickinson
