Re: Consolidated Edison Company of New York, Inc.
Indian Point Unit No. 3
AEC Docket No. 50-286

Gentlemen:

We attach to this letter responses to certain questions raised by members of the Board on March 11, 1969 at the prehearing conference held in the above-captioned proceeding.

We wish to make the following comments about these responses:

1. The questions are answered in the order in which they were asked during the prehearing conference and no attempt has been made to organize the answers by subject matter.

2. The answers are designated "Second Supplement to Summary of Application" and will be sponsored as testimony at the hearing by the same witnesses who will sponsor the Summary of Application.

3. Certain questions have not been answered on the ground that oral responses at the hearing will be more meaningful.

4. In certain instances the answers do not state in detail the reasons therefor, again on the ground that an explanation of reasons can be more usefully stated at the hearing proper.

Also attached is a copy of a certificate of service indicating that copies of this letter and of the Second Supplement have been served upon other parties to the proceeding.

Respectfully yours,

LeBOEUF, LAMB, LEIBY & MacRAE
