Re: Consolidated Edison Company
of New York, Inc.
DOCKET NO. 50-286

March 14, 1969

Dear Sir:

Enclosed are the Subpoena forms for the two witnesses whom I wish to call to testify at the March 25th Montrose Hearing on matters directly bearing on Consolidated Edison's application for a Construction License for Indian Point's No. 3 Nuclear Generating Unit. I have filled in the information needed for their service.

After noting the statement on the back of the Subpoena form ("Service on Individual") concerning payment for "travelling expenses and 1 day's witness fee," I called your office today to ask how and when I should tender this payment. Mr. Beer of your staff advised me to send in the two Subpoena forms now and wait for further notification as to the amount I should send by check.

Trusting that this will be satisfactory, I am

Sincerely,

Mary Hays Weik
