

DECKET NUMBER  
PROD. & UTIL. FAC. 50-286

November 24, 1972

J. Janet H. Beal, of 27 Linden Avenue, Ossining, New York 10562, wish to make a "limited appearance" statement in the Public Hearings relative to nuclear power generation in Westchester County.

As a resident I have had serious personal health problems which I believe have been severely aggravated by present power generation and transmission. And as a taxpayer and mother I am apprehensive of future plans in this area.
