In the Matter of
Consolidated Edison Company of New York, Inc.
(Indian Point Nuclear Generating Station, Unit No. 3)
Docket No. 50-286

Dear Mr. Robinson:

Thank you for your letter of September 24, 1973 incorporating your proposal for stipulation of portions of the Indian Point 2 record to be included in the record for Indian Point 3.

On the date of receipt of your letter, the staff was busily engaged in final preparations leading to the issuance of the DES in this proceeding and accordingly, was not able to review your proposal and respond as requested to your letter by October 5, 1973. This letter is to confirm the recent conversations between Mr. Karman and yourself as well as counsel for the other parties during which it was indicated that all parties are now reviewing your proposal and expect within a short period of time to be able to advise each other as to their respective positions.

Sincerely,

Stuart A. Treby
Counsel for AEC Regulatory Staff
