Secretary of the Commission
Nuclear Regulatory Commission
Washington, D.C. 20555
Attention: Docketing and Service Section

Dear Sir:

We note that the time and place for the public hearing to be held by the Appeal Board on Seismic Issues Concerning the Indian Point Nuclear Plant Site will be announced later.

Since this issue is of concern to the Citizens Committee for the Protection of the Environment, we would like to ask that the hearing be held locally rather than in Bethesda or Washington, D.C.

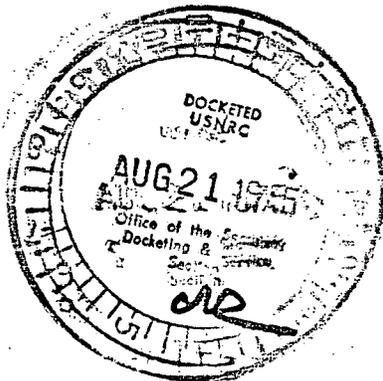

We also would like to ask that we be put back on the NRC mailing list for notices of such hearings or any other hearings relating to the Indian Point facility. It should not be necessary for our Washington attorney to call us and inform us about the fact that hearings are to be held. The newspapers also get the notices and call us before we know about such proceedings.

Thank you for your attention to these matters.

Sincerely,

Irene P. Dickinson
