(NOTE: This will be used as the Documents Title in ADAMS)

I discussed the status of the licensee's application with the RSO. I informed him that converting the license to a type A broadscope with a Radiation Safety Committee (RSC) would best be done by a separate amendment. I also discussed possible radionuclide possession limits for the license. The RSO indicated he would like conditions 6, 7 and 8 changed and that he would send in an additional letter requesting the new radionuclides and possession limits.
