In response to our letter dated April 3, 1975

Gentlemen:

Thank you for informing us of the corrective and preventive actions you documented in response to our correspondence. These actions will be examined during a subsequent inspection of your licensed program.

Based upon a May 9, 1975 telephone call to you from Mr. E. C. McCabe of this office, it is our understanding that you will submit a supplementary response to the deficiency level item of noncompliance with your Procedure INT-ADMIN I.0 Section 5.1.2, and that the supplementary response will more fully cover corrective actions and results achieved, corrective steps to avoid future noncompliances with procedures, and the date by which full compliance with INT-ADMIN I.0 Section 5.1.2 will be achieved.

Completion status of your corrective actions will be reviewed during subsequent inspections.

Your cooperation with us is appreciated.
