RE: Docket ID Nos. NRC-2008-0391, NRC-2009-0364, and NRC-2008-0339

January 21, 2010

Dear Mr. Lesar,

In regards to the above listed NEPA processes, we request a significant extension of time for the comment period on these projects.

We only received the 3 massive SEIS's yesterday and have yet to receive the requested reports and analyses. The reading and analyses of these documents will require far more time than the current February 1<sup>st</sup> deadline allows.

We again request a significant extension of the comment period in order to allow for informed public comment in these NEPA processes.

Thank you,

Jonathan B Ratner  
Director - Wyoming Office
