Subject: Calvert DEIS Status

Greg,

Here is the status of Calvert DEIS as I discussed with Dimitri this morning.

The NRC staff held a writing meeting with its contractor in early December. The staff and our contractor are currently finalizing the draft EIS based on the writing meeting interactions. Remaining activities include completion of camera-ready copy, legal and management reviews, review by our publications unit to ensure the document meets agency and Government Printing Office standards, and printing of the document. We expect to complete these activities and publish the draft EIS in March 2010.

Let me know if you have any other questions.

Happy holidays and best wishes for the new year.

Nilesh
