Docket No. 50-286

Mr. Harry G. Woodbury
 Executive Vice President
 Consolidated Edison Company
 of New York
 4 Irving Place
 New York, New York 10003

Dear Mr. Woodbury:

In reference to the August 1-2, 1974 meeting to be held at the Indian Point and Verplank sites, we are enclosing a proposed agenda. We hope this meets with your approval. It is intended that this will be a working meeting to discuss questions on material presented in your ecological reports.

It is also hoped that it can be arranged to have a tour of the QLM facilities on Friday afternoon since none of the staff has ever visited QLM.

Thank you again for the opportunity to discuss the subject material.

Sincerely yours,
