Dear Mr. Knighton

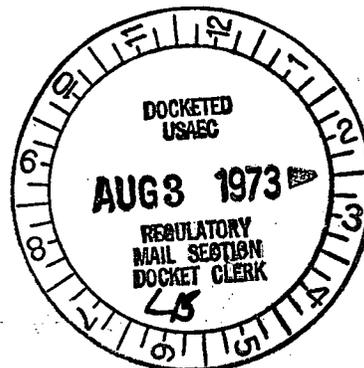

In order to supply applicable and necessary information which is available, we respectfully request that the time allowed for making a response to your July 17, 1973 letter be extended to August 17, 1973. This additional time is needed to assess the impact on our reply of discussions last week with your staff regarding the Technical Specifications for Indian Point Units 1 and 2. We hope that this slight delay will not adversely affect your review schedule.

Very truly yours
