Mr. Daniel R. Muller
Assistant Director for Environmental Projects
Directorate of Licensing
United States Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Muller:

In accordance with your request dated November 16, 1972, enumerated below are Consolidated Edison's intended submittal dates for the remainder of the information described on pages A2 through A4 of our letter of August 22, 1972.

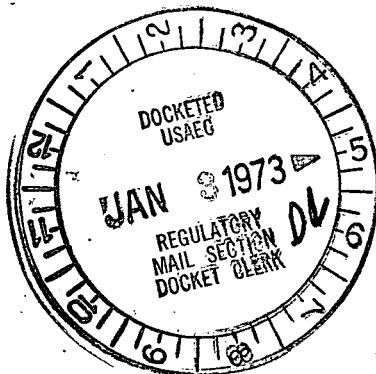

1. February 9, 1973
 - Ecology Studies at Indian Point
 - Biological Effects of Chemical Discharges
 - Biological Effects of Thermal Discharges
 - Biological Effects of Fish Impingement
2. March 9, 1973
 - Effects of Plant Operation
 - Biological Effects of Entrainment.

Very truly yours,

William J. Cahill, Jr.

William J. Cahill, Jr.
Vice President
