Docket No. 50-286

MAR 26 1973

Mr. William J. Cahill, Jr.  
 Vice President  
 Consolidated Edison Company  
 of New York, Inc.  
 4 Irving Place  
 New York, New York 10003

Dear Mr. Cahill:

In your letter of December 27, 1972, you indicated that you would send us a supplement to the environmental report for Indian Point Unit No. 3 on March 9, 1973 dealing with effects of plant operation and biological effects of entrainment. As of this date, we have not received this information. This delay can affect our licensing review schedule for this project and cause a slippage in the date for issuance of the Draft Environmental Statement. Please advise us by return mail the dates when you plan to provide this information so we can plan accordingly.

Please feel free to contact Dr. M. J. Oestmann, Environmental Project Manager, at (301) 973-7370 if you have any questions.

Sincerely,

Original signed by  
 George W. Knighton
