Dear Mr. Upton:

In response to your request of November 4, 1971, on behalf of the Consolidated Edison Company of New York, Inc., we are granting a 30-day extension for submitting the supplemental environmental report on the Indian Point Unit No. 3.

While we understand that the delay is attributable to the priority given to work on Indian Point No. 2, we wish to point out that timely completion of the NEPA review depends on your prompt submittal of the supplementary environmental report.

Accordingly, we urge you to send us as soon as possible the supplementary material on Indian Point No. 3.

Sincerely yours,
