Subject: Agenda for the NRC GLE Facility EIS Team Meeting, March 31, 2009

NRC GLE Facility EIS Team,

Attached are

1. The agenda for tomorrow's team meeting
2. Schedule, which we will discuss tomorrow, and
3. Scope of Work (SOW), taken from the proposal we had prepared last July. Due to changes in the project schedule from the one that was anticipated in July 2008 and the approximately 5-month down time in the project, the first two tasks in the SOW will no longer have the formal deliverables to NRC, but, as you know, we are now conducting the review of documents as called out in Task 1 and the review of ER, as called for in Task 2, under Task 3.

As indicated on the agenda, the call in number and passcode for the meeting are:

Tel: 800-619-7490
Passcode: 58312

For those of you who are in Building 900, the meeting will take place in Conference Room C05, at 10:00 - 11:00 AM CDT. See you or talk to you all tomorrow.

Halil
