Thursday, January 14, 2010

To the Esteemed Members of the Nuclear Regulatory Commission:

As a city commissioner in the city of Hobbs, representing roughly 5,000 people, I want to express to you my wholehearted support for the International Isotopes and their decision to locate in Lea County. We understand that the International Isotopes will bring a significant addition to Lea County in the form of a skilled workforce. We heartily welcome their arrival and look forward to working with you and International Isotopes Team.

We appreciate anything that can be done to make the transition for the International Isotopes a smooth and positive one.

Thank you for your time and consideration

Sincerely,

Jonathan Sena  
City Commissioner  
Hobbs, NM-Dis.2
