

DOWNLOAD CENTER

The Download Center is designed for **experienced users** who need access to larger amounts of data than are available through other parts of American FactFinder.

Note that there can be large bandwidth and storage requirements when using the Download Center.

The following download methods are available:

- **Selected Tables** - select up to 50 tables for a geographic summary level. Format is a zipped, pipe-delimited file.
- **All Tables** - summary file extracts for predefined geographic summary levels (all counties in the U.S., all blocks in a county, etc.) in [summary file format](#).

The table below indicates which download methods are available for each data set.
