ATTN: Mr. Steven A. Varga, Chief
Operating Reactors Branch No. 1
Division of Licensing

Dear Mr. Varga:

On December 17, 1982 we filed an application for amendment to our Technical Specifications which was issued as Amendment No. 83. In that letter we stated that we would submit the filing fee for a "Class III" amendment under separate cover. Accordingly, a check in the amount of \$4,000.00 as the filing fee required by 10 CFR 170.22 is attached to this letter.

This payment is being made under protest, and Consolidated Edison reserves the right to challenge the validity of the imposition of these fees and the basis for the determination of the amounts of the fees.

Very truly yours,

John D. O'Toole
