Subject: Response to U.S. EPR Design Certification Application RAI No. 319, FSAR Ch 18, Supplement 2

Getachew,

The proprietary and non-proprietary versions of the response to RAI No. 319, Supplement 2 are submitted via AREVA NP Inc. letter, "Response to U.S. EPR Design Certification Application RAI No. 319, Supplement 2," NRC 10:005, dated January 29, 2010. The enclosure to that letter provides technically correct and complete responses to the two remaining questions of RAI No. 319. An affidavit to support withholding of information from public disclosure, per 10CFR2.390(b), is provided as an enclosure to that letter.

The following table indicates the respective page(s) in the response document that contain AREVA NP's response to the subject questions.

Question #	Start Page	End Page
RAI 319 – 18-37	2	2
RAI 319 – 18-46	3	3

This concludes the formal AREVA NP response to RAI 319, and there are no questions from this RAI for which AREVA NP has not provided responses.

Getachew,

AREVA NP is unable to provide a response to RAI 319, Supplement 1 (Question 18-37) at this time because of the processing time needed to create proprietary and non-proprietary versions of the associated internal AREVA documents provided as part of the response. The schedule for a technically correct and complete response to Question 18-37 has been revised to January 29, 2010. The schedule for a technically correct and complete response Question 18-46 remains unchanged. The revised schedule is provided below:

Subject: U.S. EPR Design Certification Application RAI No. 319 (3842), FSARCh. 18

Attached please find the subject requests for additional information (RAI). A draft of the RAI was provided to you on October 22, 2009, and discussed with your staff on November 17, 2009. Draft RAI Question 18-40 was modified as a result of that discussion. The schedule we have established for review of your application assumes technically correct and complete responses within 30 days of receipt of RAIs. For any RAIs that cannot be answered within 30 days, it is expected that a date for receipt of this information will be provided to the staff within the 30 day period so that the staff can assess how this information will impact the published schedule.
