Attn: Licensing Assistance

Re: License Number: 08-05938-13
Expiration Date: January 31, 2015
Docket Number: 030-30945

Dear Sir/Madam:

The Smithsonian Institution (SI) wishes to amend its current Nuclear Regulatory Commission (NRC) Byproduct Materials License to reflect the following changes:

1. Add the following location as a facility authorized to use or store licensed material in Item 10. A. of the license conditions:

Steven F. Udvar-Hazy Center
14390 Air & Space Museum Parkway
Chantilly, VA 20151

The center, which is part of the National Air and Space Museum, is nearing completion of an addition to the facility which will be used to store aircraft parts, including objects which contain radium 226.

2. Remove Charles Burton as an authorized user from Item 11. D.

3. Change the spelling of a "Olar T. Oftedal" to Olav T. Oftedal in Item 11. B.

Please contact me or David Peters, at (202) 633-2672, should you have any questions regarding this amendment request.

Sincerely,

Rachel L. Gregory
Associate Director for Environmental Management
