Re: Indian Point Unit No. 2
Docket No. 50-247

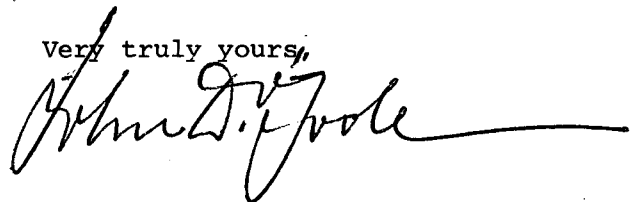

Mr. Darrell G. Eisenhut, Director
Division of Licensing
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Eisenhut:

The Enclosure to this letter contains Con Edison's Procedures Generation Package for the upgraded Emergency Operating Procedures to be implemented at Indian Point Unit 2. This Procedures Generation Package is being submitted in accordance with our response to Supplement 1 to NUREG-0737. We request your staff's review and approval of the Procedures Generation Package. In accordance with our schedule for implementing the Supplement 1 initiatives, submitted April 15, 1983, we expect NRC approval in approximately 2 months.

If you or your staff have any question on this matter, do not hesitate to call us.

Very truly yours,

Enclosure
