Director of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission

ATTN: Ms. Marylee M. Slosson, Project Manager
PWR Project Directorate #3
Division of PWR Licensing - A

Dear Ms. Slosson:

Your letter of December 13, 1985 requested clarification of certain references identified in relief requests submitted in letters dated August 17, 1984 and June 29, 1985. The clarification is as follows:

Relief request G Revision 1:

The reference to Table IWB-2600 B.1.9 is correct. The relief request is associated with the reactor vessel flange ligaments which correspond to item B.1.9.

Relief request I:

The reference to paragraph T-532(e) should be to paragraph T-535.2(e), and figure T-535.2(c) should be figure T-535(c).

Relief request K:

Paragraph IWV-3240 should be paragraph IWV-3420.

In addition to the above, the following clarification applies to a reference in relief request H, submitted by letter dated June 29, 1984. The reference to the summer 1978 addenda of Section V should instead be the winter 1978 addenda.

Should there be any additional questions, please contact us.

Very truly yours,

John D. O'Toole
