INFORMATION FROM PUBLIC DISCLOSURE

Subject: Consolidated Edison Company of N.Y. Letters to NRC dated June 17,  
1988 and May 23, 1988

Dear Dr. Murley:

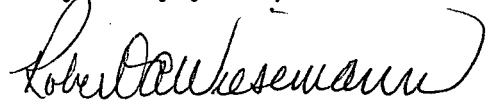

The proprietary information for which withholding was requested in the May 23rd letter by Consolidated Edison Company of New York is further identified in an affidavit signed by the owner of the proprietary information, Westinghouse Electric Corporation. The affidavit, which accompanies this letter, sets forth the basis on which the information may be withheld from public disclosure by the Commission and addresses with specificity the considerations listed in paragraph (b) (4) of 10CFR Section 2.790 of the Commission's regulations.

The proprietary material for which withholding is being required is of the same technical type as that proprietary material previously submitted as Affidavit CAW-83-080.

Accordingly, this letter authorizes the utilization of the accompanying affidavit by Consolidated Edison Company of New York.

Correspondence with respect to the proprietary aspects of the application for withholding or the Westinghouse affidavit should reference this letter, CAW-88-061, and should be addressed to the undersigned.

Very truly yours,
