Subject: Indian Point Unit No. 2 Steam Generator
Inspection, Repair, and Restoration Program
Presentation Material

Dear Mr. Brinkman:

Enclosed is one copy of presentation materials entitled "Consolidated Edison/Westinghouse Steam Generator Inspection, Repair, and Restoration Program at Indian Point Unit 2" (Proprietary) which were used during the May 21, 1990 meeting at the NRC offices in Rockville, Maryland. This information provides a current description of the steam generator inspection, repair, and restoration program addressing related issues at Indian Point Unit No. 2.

The enclosed information contains information which is proprietary to Westinghouse Electric Corporation. Accordingly, we request that this information be withheld from public disclosure.

We will comply with the requirements of 10 CFR 2.790 to provide proprietary and non-proprietary versions of the above material together with an affidavit as soon as the proprietary information contained in the submittal has been specifically identified and the proprietary and non-proprietary versions have been prepared. We will submit the required number of copies of the proprietary and non-proprietary versions of the information and the required affidavit at that time.

In the meantime, we have provided a copy for your information and use. C. M. Holzle, Esq., of the NRC Office of the General Counsel, has advised Westinghouse that he concurs with this procedure.
