SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Ms. Johnson:

In letter dated January 6, 2010, you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive material license No. 34-18712-02. From the information you provided, it appears you possessed one strontium-90 source model No. 2659BC, serial No. 9002 which was last leak tested with negative results in December, 2001 and disposed of in February, 2002.

Based on this information, no further remediation or actions with respect to NRC regulated material is required and your NRC license No. 34-18712-02 is hereby terminated.

If you have any questions, please call me at (630) 829-9873.

Sincerely,
