**Subject:** RE: Application Status Update

Steve,

My apologies for not responding promptly.

Presently working on in-situ projects in Texas.

Will send out a letter today.

We now anticipate that it will be the 2<sup>nd</sup> quarter of 2011 before an application is submitted on Grants Ridge, New Mexico

Regards,

Curt Sealy

**Subject:** Application Status Update

Dear Mr. Sealy:

As you know, the NRC staff periodically requests updates regarding the status of pending applications to help formulate budgets. As part of the budget formulation process, the staff must estimate the number of projects in any given fiscal year; this project estimate is one of the most important aspects of budget formulation. Toward that end, please provide the staff with an updated letter of intent regarding the Grants Ridge project by January 15, 2010. The letter may be sent to:

Dr. Charles L. Miller, Director  
Office of Federal and State Materials and Environmental Management Programs  
U.S. Nuclear Regulatory Commission  
Two White Flint North, Mail Stop T8D22  
11545 Rockville Pike  
Rockville, MD 20852

Thank you for your assistance in this matter, and if you have any questions, please contact me.

Sincerely,

Stephen J. Cohen  
Team Leader - New Facility Licensing  
Office of Federal and State Materials  
and Environmental Management Programs  
U.S. Nuclear Regulatory Commission
