**Partial Participation Emergency Exercise Scenario Submittal**

Reference: NYPA Letter (IPN-99-030), R. J. Barrett to Nuclear Regulatory Commission, dated March 26, 1999, "Objectives for the July 1999 Emergency Preparedness Exercise."

Dear Sir:

In accordance with discussions between Mr. David M. Silk of your staff and the Authority's Mary Ann Wilson, the Authority is providing to our NRC Senior Resident Inspector a copy of the scenario package (enclosure) for the Indian Point 3 Partial Participation Emergency Exercise scheduled to be conducted on July 1, 1999. The exercise objectives and the exercise schedule date were discussed in the referenced letter. The scenario submittal is in accordance with the schedule set forth in NRC Inspection Manual Procedure 82302, "Review of Exercise Objectives and Scenarios for Power Reactors," dated June 24, 1998. In order to ensure scenario confidentiality, the Authority requests that public disclosure of the scenario be delayed until the exercise has been completed.

The scenario has been validated on the Indian Point 3 simulator using current plant procedures. The Authority is making no new commitments in this letter. Should you or your staff have any questions, please contact Mary Ann Wilson at (914) 736-8404. Any formal written comments should be sent to her attention to maintain the confidentiality of the scenario.

Very truly yours,
