SUMMARY

In our review of your application, with attachments, dated October 27, 2009, we find that we need additional information as follows:

- A. Please note that certain sections of this NUREG have been modified since its last revision, as noted below:
1. We now require a **total possession limit for each radionuclide** requested, as well as providing the **"per source" activity** you need, which should match the Sealed Source and Device Registry certificate procured by the vendor. Please provide this information and it is acceptable to request more sealed sources than you may actually need immediately, to allow for some growth, so long as the request is reasonable and realistic.
  2. No response necessary for this item. You will not be able to change and name your RSO internally; NRC must do that for you via the amendment process. For future reference only, please include the name and qualifications of your proposed RSO and a written, signed and dated statement that stipulates your proposed RSO accepts the RSO position and understands the duties and responsibilities associated with the position. Each proposed RSO must be qualified in accordance with the guidance in NUREG 1556, Vol 1, Rev. 1, Section 8.7, Item 7: Individual(s) Responsible for Radiation Safety Program and Their Training and Experience.
- B. The following was noted as an additional deficiency in your application:
1. From Attachment 2, Items 7 through 11, this attachment was not completed. Please complete Attachment 2 and submit for our review.

We will be unable to continue processing your request until we receive this information. In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Record (PARS) component of NRC's document system (ADAMS) accessible from the NRC Website at <http://www.nrc.gov/reading-rem/adams.html>.

ACTION REQUIRED

Please submit a **signed written response** within 15-days or contact me to arrange an alternate response date. Be sure to reference control number 318648 to facilitate correct processing of your response.

If we do not receive a **signed written response** within 15-days, please note that we may void this request in order to enable you to prepare a quality response without time constraints. This would be done without prejudice to the resubmission of your request at a later date. Upon receipt of your response we will resume our review. Address your written response to my attention at the above address.

Please note that a "Void" is an administrative procedure that puts your amendment request "On Hold" (takes it out of our active casework database) until you reactivate it via submission of a written response.

Upon receipt of your response we will resume our review.

**PLEASE DIRECT ANY QUESTIONS YOU MAY HAVE TO ME AT (630) 829-9892.**
