January 18, 2010

Mr. Mullauer:

This letter is a request to remove License Condition 26 from The Dow Chemical Company's Midland, MI radioactive materials license 21-00265-06. This is a special condition authorizing the removal and shipment of a specific nuclear gauge with a broken shutter. This work and been completed, and the source has been transferred to the license of the manufacturer.

Please contact me if you have any additional questions.

Sincerely,

James R. Weldy, CHP, CIH
Radiation Safety Officer
