SUBJECT: 10 CFR §50.74 - Notification of Change in Operator or Senior  
Operator Status

Licenses are required by 10 CFR §50.74 to notify the Commission within  
30 days of the following in regard to a licensed operator or senior  
operator:

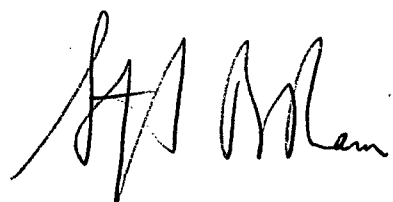

- "(a) Permanent reassignment from the position for which the licensee  
has certified the need for the licensed operator or senior  
operator under §55.31 (a)(3) of this chapter;
- (b) Termination of any operator or senior operator;
- (c) Disability or illness as described in §55.25 of this chapter."

Accordingly, pursuant to 10 CFR §50.74 and 10 CFR §55.25, this is to  
notify you that one of our licensed senior operators, identified in the  
attachment to this letter, has a medical condition which requires that he  
be restricted from performing his license duties.

In accordance with 10 CFR §2.790 (a)(6), when disclosure of  
correspondence to the Nuclear Regulatory Commission would constitute a  
clearly unwarranted invasion of personal privacy, that correspondence is  
exempted from disclosure. We request, therefore, that the attachment to  
this letter not be placed in the Public Document Room and that it receive  
limited distribution.

Should you or your staff have any question, please contact Mr. Jude G.  
Del Percio, Manager, Regulatory Affairs.

Very truly yours,
