Operator Licensing Branch, OWFN-10D-22

SUBJECT: Supplemental Response to Generic Letter 90-07,  
"Operating Licensing Examinations"

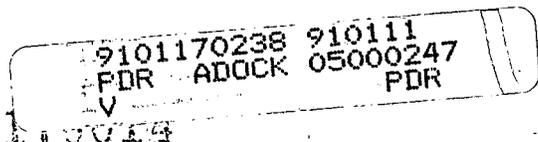

The attachment to this letter provides our revised schedules for NRC examinations, in response to Generic Letter 90-07. These are our current best estimates of our needs for examinations for FY1991, FY1992, FY1993, and FY1994.

This resubmittal of our response to the Generic Letter 90-07 schedule request is due to a change in our simulator certification schedule. The initial exam requests remain the same. The change only affects our requalification exam requests.

Should you or your staff have any questions, please contact Mr. Charles W. Jackson, Manager, Nuclear Safety and Licensing.

Very truly yours,

*John A. Basile*
