SUBJECT: Licensed Operator Medical Condition

Dear Mr. Martin:

Pursuant to Title 10 of the Code of Federal Regulations Part 55.25, you were notified by letter dated July 23, 1993 of the restriction placed on an Operator's License (Docket No. 55-61182, License # OP-10807), which prohibited his performance of licensed operator duties.

Following medical treatment prescribed by a physician, the operator has since received a license medical and has been found to meet the requirements of 10 CFR Part 55.21. It is accordingly requested that the restriction placed on the Operator's license be modified as indicated on the enclosed Certification of Medical Examination, NRC Form 396. Additional information is enclosed explaining the Operator's condition.

Pursuant to 10 CFR 9.17(a)(6), Consolidated Edison has determined the public disclosure of the attached report and the associated records would constitute an invasion of personal privacy. Therefore, it is requested that these documents not be placed in the Public Document Room.

Should you have any questions regarding this matter, please contact Mr. Frank Inzirillo, Manager, Operation Training (914-526-5134).

Very truly yours,
