

**Void Sheet**

TO: License Fee Management Branch  
FROM: Region 3  
SUBJECT: VOIDED APPLICATION

Control Number: 318716

Applicant: Heart & Vascular Physicians

License Number: 21-32562-01

Docket Number: 030-36892

Date Voided: January 21, 2010

Reason for Void: The licensee submitted two requests that contradict each other. Completing the amendments would remove all authorized physician users resulting in a potential health and safety problem because there would be no one authorized on the license to supervise the use of radioactive materials authorized on the NRC license. Actions voided until the physician partners can work out their differences. This action control 318716 was combined with Control 318729.
