Re: Attestation for Amy M. Sommer, M.S.

To Whom It May Concern:

This letter is being written as an attestation for Amy Sommer, so that she may be listed on our NRC Material License No. 24-11128-02 as an HDR Physicist. I have personally worked with and observed Miss Sommer for the last 12 months and she is qualified under 10 CFR part 35.51 as an authorized medical physicist, HDR (Ir-192).

Amy Sommer meets all criteria of education, training and experience listed in 10 CFR part 35.51 (1), (b) (1) and (c). She has graduated from the University of Wisconsin May 2006 with a Master of Science in Medical Physics. She has had one year of HDR experience which meets all requirements of 35.51 (b) (1) and (c).

If you have any questions concerning the contents of this attestation, please contact me by telephone at 314-996-5444 or via electronic mail at laf6380@bjc.org.

Sincerely,

Louis A. Fadell MS, DABR
Radiation Oncology
