Docket No. 50-286  
License No. DPR-64

Mr. Thomas T. Martin  
Regional Administrator  
Region I  
U.S. Nuclear Regulatory Commission  
475 Allendale Road  
King Of Prussia, Pennsylvania 19406

Dear Mr. Martin:

Enclosed is a license application for Ronald Green requesting a re-examination for a reactor operator license at Indian Point 3.

Mr. Green failed Category A of the operating portion of his initial examination taken on December 18, 1990. In his re-application for a license, Mr. Green is requesting a waiver of the portions of the examination which he passed (the written examination, Category B and Category C of the operating test).

Mr. Green has been participating in a full time remedial training program since the administration of the exam in December 1990 and is now prepared to be re-examined. From discussions between Mr. Peter Eselgroth of your staff and Richard Tansky, IP3 Training Superintendent, it appears that a re-examination of Mr. Green may be possible some time during the first or second week of April 1991.
