Dear Sir:

The attached monthly operating report, for the month of September 1998, is hereby submitted in accordance with Indian Point 3 Nuclear Power Plant Technical Specification 6.9.1.4. Also, attached is a correction to the August 1998, monthly operating report submitted by letter IPN-98-097 dated September 9, 1998. The correction is for the total hours the plant was synchronized to the bus in Attachment 1, page 4, "Summary of Operating Experience." The total hours stated in the first sentence was 744, but should be 622 hours as reported on page 1 of Attachment 1, "Operating Data Report."

The Authority is making no commitments in this letter.

Very truly yours,
