LICENSE, CONTROL NO. 144233

Dear Mr. Baker:

Enclosed is the Corrected Copy of Amendment No. 34 for License No. 20-08361-01. In accordance with the telephone call on February 16, 2010, Condition Nos. 8.LL, 8.MM, 8.NN and 8.OO have been changed to reflect current licensing policy. Condition No. 9.A through AA, DD through KK has been restructured to only reflect those items used in research and development. Condition No. 9 .CC has been added to those items "for storage as waste" and 9.DD has been removed. Due to the restructuring of the license, License Condition No. 13, pertaining to possession limits of sealed sources and financial assurance, is no longer required and has been removed. Subsequent License conditions have been renumbered.

We apologize for any inconvenience these errors and required changes may have caused.

Sincerely,
