6. All other terms and conditions of Purchase Order No: NRC-DR-04-09-179 hereby remain unchanged and in full force and effect.

REVISED STATEMENT OF WORK

TITLE: Review of Design Methodology for Safety-Related Nuclear Power Plant Structures of Modular Composite Construction

This is an in-scope change. There is no change to the Background, Objective and Scope of Work (Tasks and task descriptions). The only changes are to the Level of Effort, Reporting Requirements, Deliverables, Schedules, Travel and NRC-Furnished Materials as indicated below.

REPORTING REQUIREMENTS

The reporting requirements for this modification for each member of the peer-review group are as follows:

- i) Participation at technical meetings and conference calls with oral communication of findings and follow-on written summaries as applicable.
- ii) Draft letter report with summary of the review by the group member of the modified shield building design to be submitted no later than 21 days after the submittal of the report of the modified design to the NRC.
- iii) Final letter report with a summary of the findings by the group member to be provided 21 days before the end of the purchase order.

DELIVERABLES/SCHEDULES AND/OR MILESTONES

Anticipated project deliverables and related milestones are as follows:

- i) Participation in person or by teleconference at technical meetings with the NRC staff or public meetings with the vendors for a total of four meetings to be followed by applicable written comments.
- ii) Draft report with summary of review by the group member of the modified shield building design to be submitted no later than 21 days after the submittal of the report of the modified design to the NRC.
- iii) Final letter report by each member of the peer-review group with a summary of the findings by that group member to be submitted 21 days before the end of the contract.

MEETINGS AND TRAVEL

It is estimated that four trips for up to three days each (two night hotel stay) for one person to Rockville, MD will be required. The purpose of the trips is to attend technical meetings with the NRC staff and other contractors, as well as possible public meetings with the vendor. One trip may be required to West Lafayette, Indiana, to observe testing or test specimens.

NRC-FURNISHED MATERIAL

The NRC will provide each Contractor with the information listed below.

- (a) Technical reports and briefings provided by the vendor detailing the design, design methodology, analysis and testing for the modified shield building design.
- (b) Relevant information provided by the vendor in response to requests for additional information, as well as additional supplemental reports by the vendor with additional analysis, testing plans, description of tests, and results of the tests.
