Subject: Re: Bankruptcy

Dear Steven,

I would like to talk to you about the termination of the NRC license. We have hired Philotechnics to help us to decommission the facility. They should finish the decommissioning in the first week of March and provide a report in mid April. My question is that the NRC license holder, Vion Pharmaceuticals, Inc., will be dissolved at the end of March and all the assets and liabilities will be transferred to a trustee. In this circumstance, should the trustee be responsible to terminate the license? Is a RSO required for this process?

Is there a convenient time and phone number that I can talk to you.

Best,

Ivan
