MEMORANDUM TO: Alexander R. Klein, Chief  
Fire Protection Branch  
Division of Risk Assessment  
Office of Nuclear Reactor Regulation

FROM: Charles E. Moulton, Fire Protection Engineer */RA by Paul Lain for*  
Fire Protection Branch  
Division of Risk Assessment  
Office of Nuclear Reactor Regulation

SUBJECT: SUMMARY OF JANUARY 28, 2010, CATEGORY 2 MEETING  
REGARDING THE NATIONAL FIRE PROTECTION ASSOCIATION  
STANDARD 805 FREQUENTLY ASKED QUESTION PROCESS

On January 28, 2010, the U.S. Nuclear Regulatory Commission (NRC) staff held a meeting, via teleconferencing, with stakeholders and the public to discuss Frequently Asked Questions (FAQs) at plants that are adopting National Fire Protection Association (NFPA) Standard 805. Licensees presented comments related to the NRC draft interim position on a FAQ (08-0051) related to NUREG/CR-6850. Licensees and the NRC staff discussed the remaining currently open FAQs. The participants determined that both industry stakeholders and the NRC staff needed to continue to work on the remaining open FAQs.

NRC staff presented updated schedules for the review of the pilot plants' license amendment requests and development of NFPA 805 infrastructure.

Participants agreed that the next FAQ meeting would take place on February 25, 2010, via teleconferencing. Future meeting dates were tentatively set for March 18, 2010 and April 22, 2010.

The meeting handouts are available in the Agencywide Documents Access and Management System. The NRC draft interim position on FAQ 08-0051 is available at accession number ML092330663. The NEI comments on the NRC draft interim position on FAQ 09-0051 are available at ML100541494. The accession number for the schedule update is ML100541528. The January NEI NFPA 805 Task Force FAQ Log, a meeting handout, is available at ML100060151. The NRC NFPA 805 FAQ status and history document is available at ML100541539.
