This record represents communication with the individuals referenced above to confirm the specific start date of unauthorized licensee operations at the Río Grande Nuclear Medicine facility.

On 2/22/10, Dr. Meléndez stated that medical use operations at the facility began sometime in early January, as was stated by a nuclear medicine technologist (NMT), Diana Carrillo, in an earlier telephone conversation conducted during an inspection on 01/29/10. Dr. Meléndez then referred me to another NMT, Jiselle Carraquillo, for a specific start date. The NMT for Dr. Melendez's office established that the licensee had commenced treating patients at the Río Grande Nuclear Medicine facility on December 3, 2009.
