Subject: RAI, Material Amount, Radiation levels, and Location

(NOTE: This will be used as the
Documents Title in ADAMS)

Mr. Rhoe, on the amendment request for International Cyclotron, Inc. it did not have the amount of DU needed. There were no radiation levels listed for the transport radiation shield. The area requested to be added to this license is also under Somascan, Inc. license. Are the two entities owned by the same person? Mr. Rhoe said that the two companies had the same owners and personnel. I told Mr. Rhoe that I would send him an electronic mail asking the specific questions as he was driving when I called him.
