

**UNITED STATES OF AMERICA
NUCLEAR REGULATORY COMMISSION**

BEFORE THE ATOMIC SAFETY AND LICENSING BOARD

In the Matter of

Docket No. 52-016

Calvert Cliffs-3 Nuclear Power Plant
Combined Construction and License Application

**UNOPPOSED REQUEST FROM JOINT INTERVENORS FOR EXTENSION OF TIME
TO FILE RESPONSIVE BRIEF TO APPLICANTS' MOTION FOR SUMMARY
DISPOSITION OF CONTENTION 7**

On February 5, 2010, Applicants filed a Motion for Summary Disposition of Joint Intervenors Contention 7 on low-level radioactive waste issues.

Joint Intervenors normally have twenty days to file a responsive brief to this appeal, which would be Thursday, February 25, 2010 (10 CFR 2.1205(b)). However, as everyone knows, the Washington area has experienced unusual weather over the past three weeks, resulting in a four-day shutdown of the U.S. government and causing just about all of us living and working in the Washington area to have fallen a bit behind schedule on just about everything.

We respectfully request that the Commission grant a seven-day extension of time—until close of business on Thursday, March 4, 2010—for Joint Intervenors to file a responsive brief.

Joint intervenors today contacted counsel for Applicants and NRC staff, and both have indicated they do not oppose this request.

Respectfully submitted,

This 24th day of February 2010

Signed Electronically by _____
