Southern Nuclear submitted the below three letters to Mr. Alan Blamey on February 23, 2009. These letters involve various VEGP 3 & 4 project schedule/status information that was provided by Westinghouse at the request of the NRC. The information is considered proprietary by Westinghouse; thus, only the cover letters for these submittals are attached.

- * ND-10-0296, Periodic Update of Construction Schedule Information
- * ND-10-0323, Inspection, Testing, Analyses, and Acceptance Criteria Information
- * ND-10-0333, Periodic Update of Overall Project Status

Attn: Alan J. Blamey (Branch Chief – Division of Construction Projects)

Southern Nuclear Operating Company
Vogtle Electric Generating Plant Units 3 and 4
Periodic Update of Construction Schedule Information

Dear Mr. Blamey:

Southern Nuclear Operating Company (SNC) hereby submits a periodic update of construction schedule information to the U.S. Nuclear Regulatory Commission (NRC) Region II office, in support of the Construction Inspection Program for Vogtle Electric Generating Plant Units 3 and 4 (VEGP 3 & 4). The enclosure to this letter contains the periodic update of project inspections, tests, analyses, and acceptance criteria (ITAAC) schedule information for VEGP 3 & 4, provided on compact disc (CD). The information is considered proprietary (i.e., a trade secret) to both Westinghouse Electric Company, LLC (Westinghouse) and Stone & Webster, and was determined to be treated as such by the NRC in NRC letter to Westinghouse dated August 12, 2009 (ADAMS ML092240522). **Accordingly, it is respectfully requested that the enclosed ITAAC schedule information be withheld from public disclosure (i.e., non-publicly available) in accordance with 10 CFR 2.390.**

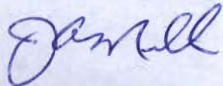

The ITAAC schedule information contained in this letter's enclosure is proprietary in its entirety; thus, a non-proprietary version is not provided. This information is dynamic in nature and should not be considered absolute. In addition, schedule information may contain dates for ITAAC closure letters, however, actual submittal dates of these letters are yet to be determined pending SNC review and approval.

If you have any questions regarding this letter, please contact Mr. B. W. Waites at (205) 992-7024.

The enclosed CD contains Proprietary Information - Withhold from Public Disclosure

Respectfully submitted,

SOUTHERN NUCLEAR OPERATING COMPANY

Inspection, Testing, Analyses, and Acceptance Criteria Information

Dear Mr. Blamey,

Southern Nuclear Operating Company (SNC) hereby submits requested construction schedule information to the U.S. Nuclear Regulatory Commission (NRC) Region II office, in support of the Construction Inspection Program for Vogtle Electric Generating Plant Units 3 and 4 (VEGP 3 & 4). The enclosure to this letter contains schedule information involving inspection, testing, analyses, and acceptance criteria (ITAAC) for VEGP 3 & 4, developed by Westinghouse Electric Company, LLC (Westinghouse), provided on compact disc (CD). Please note that the provided ITAAC schedule information is not complete, however, it is provided as it currently exists for your Mr. Wren Fowler. This information will be updated by Westinghouse on an ongoing basis. The information is considered proprietary (i.e., a trade secret) to both Westinghouse and Stone & Webster, and was determined to be treated as such by the NRC in NRC letter to Westinghouse dated August 12, 2009 (ADAMS ML092240522). **Accordingly, it is respectfully requested that the enclosed schedule information be withheld from public disclosure (i.e., non-publicly available) in accordance with 10 CFR 2.390.**

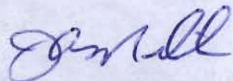

The ITAAC schedule information contained in this letter's enclosure is proprietary in its entirety; thus, a non-proprietary version is not provided. This information is dynamic in nature and should not be considered absolute.

If you have any questions regarding this letter, please contact Mr. B. W. Waites at (205) 992-7024.
