QUESTIONS for Reactor Security Rulemaking and Licensing Branch (NSIR/DSP/RSRLB)

13.06-1

Under 10 CFR 52.79(a)(44), the Applicant's FSAR must contain a description of the fitness-for-duty (FFD) program required by 10 CFR Part 26 and its implementation. How does the Applicant intend to update its FFD program for the construction phase? NEI 06-06 provides examples of the FFD program that is required and, if this guidance is endorsed by the NRC, will provide an acceptable method of complying with the NRC's regulations. If the NRC endorses NEI 06-06, does the Applicant intend to update its FFD program for the construction phase to comply with NEI 06-06? When responding to this question, please address the latest revisions to NEI 06-06 and include any clarifications, additions, and exceptions in these revisions, as necessary.
