Dear Mr. DeLaBarre:

Enclosed is an application received by the U.S. Nuclear Regulatory Commission (NRC), dated October 12, 2009, from Weatherford International Inc., requesting an amendment (PCB109.01) for the export of various sealed sources to Iraq. The purpose of the amendment is to: 1) extend the expiration date from June 30, 2010 to November 30, 2013 and 2) add an additional ultimate consignee, a Weatherford subsidiary.

Since Iraq is on the embargoed destinations list (10 CFR Part 110.28), before taking action on this new request, we would appreciate your views, in accordance with established procedures and from the overall perspective of the Executive Branch, as to whether the requested export meets the applicable criteria in the Atomic Energy Act of 1954, as amended.

Sincerely,

/RA/
