475 Allendale Road
King of Prussia, PA 19406-1415

Subject: **Decommissioning Funding Plan Revision 3**

Dear Mr. Nicholson:

ABB Inc. (ABB) is submitting a revision to the Decommissioning Funding Plan (DFP) for the CE Windsor Site at 2000 Day Hill Road in Windsor, Connecticut. ABB has committed to adjusting the DFP periodically, and significant progress has been made towards license termination in the past year. This includes approval of Decommissioning Plan (DP) Revision 2 and commencement of Site remediation, waste transportation and disposal. Principal changes incorporated into DFP Revision 3 are updates to account for decommissioning activities that have been completed since DFP Revision 2 was accepted. As such, this DFP Revision 3 replaces Revision 2 in its entirety.

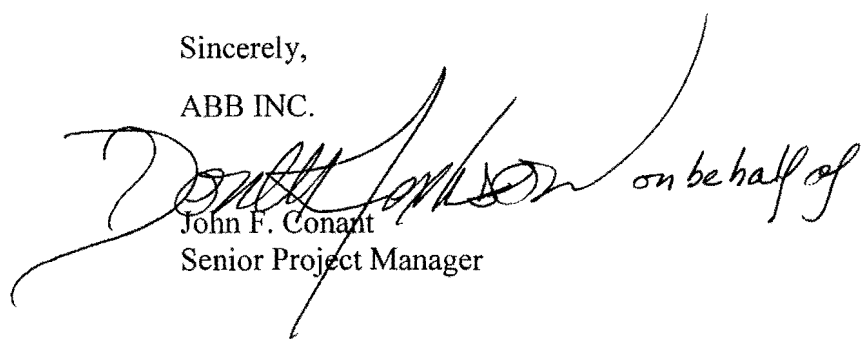

ABB requests that the cost estimate associated with DFP Revision 3 be withheld from public disclosure under 10 CFR 2.390. This is proprietary information that will affect competitive bids that ABB will solicit for decommissioning activities (remediation, transportation and waste disposal contractors). As such, a redacted version of DFP Revision 3 is also provided that can be made publicly available.

If there are any comments or questions concerning the enclosed documents, please do not hesitate to contact the Radiation Safety Officer, Heath Downey, at (207) 939-5560, or me at (860) 285-5002, or by E-mail at john.conant@us.abb.com.

*I declare under penalty of perjury that the foregoing is true and correct.
Executed on February 23, 2010.*

Sincerely,

ABB INC.

 on behalf of
John F. Conant
Senior Project Manager
