Letter of Intent to Submit Renewal of Advanced Boiling Water Reactor Certification

References:

1. Letter to US Nuclear Regulatory Commission Document Control Desk from Steve Winn, Chief Executive Officer, Nuclear Innovation North America dated December 3, 2008
2. Letter to US Nuclear Regulatory Commission Document Control Desk from Steve Winn, Chief Executive Officer, Nuclear Innovation North America dated February 11, 2009

In the referenced letters, Nuclear Innovation North America (NINA), an owner and applicant for STP Units 3 & 4, informed the Nuclear Regulatory Commission of their intention to submit an application for renewal of the Advanced Boiling Water Reactor Design Certification in accordance with 10CFR 52.57. This letter is to inform you that Toshiba will be the applicant for this renewal application.

It remains our intent that the application will include the updates and revisions consistent with the South Texas Project Units 3 & 4 Combined License Application, and that the renewal application will be developed with the support of the STP Nuclear Operating Company. Toshiba will provide a separate letter in regard to their plan and schedule.

If there are any questions regarding our plans, please contact me at (212) 210-6578 or Mark McBurnett at STP Nuclear Operating Company (361) 972-7206.

Mr. Steve Winn
Chief Executive Officer
