Dear Mr. Munger,

I am writing in response to your letter dated February 22, 1993, in which you requested information on the Iodine-131 contamination at the Cintichem, Inc. facility located in Tuxedo, New York. The information you requested regarding the Iodine-131 contamination that occurred at the Cintichem facility is maintained in the Nuclear Regulatory Commission's Region I located in King of Prussia, PA. I have forwarded a copy of your request to our Region I office to the attention of Mr Thomas Dragoun. It is my understanding that Mr. Dragoun has contacted you to discuss your request.

Regarding question 6, Cintichem is presently removing contaminated soil and structures at the site that are in excess of the applicable decommissioning criteria. Cintichem has proposed criteria for residual contamination in soil that will be left at the site. We are currently reviewing these proposed criteria.

If you have any questions or if I can be of further assistance, please contact me at 301 504-2566.

Sincerely,

Original Signed By
